

TFG's Economic Stimulus Package

Top Flight is willing to turn your kind words about our programs into money in your pocket. Consider making those comments to your friends an active solicitation and endorsement by handing your friend one of the attached cards.

Word of mouth has always been TFG's best marketing tool. I'm asking you to consider all the great classes your child has had with all of the staff at Top Flight who truly have a passion for working with kids. I think you'll agree with me that TFG has some awesome instructors.

And if, like me, you're convinced that gymnastics, with its ability to help establish healthy learning attitudes through incremental challenges, positive reward and confidence building, is just as valuable as formal education, then maybe you'll consider passing this referral card on to a friend.

Consider it part of Top Flight's economic stimulus efforts; discounts for you and your friends plus an investment in the future—our kids.

Building a Better Tomorrow

Our Ears are burning!

We know you are talking about us but did you know it can
save you
\$\$ Money \$\$\$???

Top Flight now has an ongoing referral program for our currently enrolled students which can save your friends **\$20.00** off their tuition and earn you a **\$15 credit** toward your next terms tuition!!

There's **no** limit to the credits you can receive! Just keep telling your friends about us but when you do, hand them a TFG referral card and you could both receive **BIG** discounts. See the front counter for more details or a few extra cards for your wallet.

Your friend must be a FIRST TIME STUDENT/ FAMILY and YOU must have been enrolled at least one term prior to their registration. Discount and credits can only be given based on the attached referral card.
